PROFILE

A dependable, safety-conscious Luton resident seeking a supported entry into the construction and built environment sector through an apprenticeship or paid work-experience pathway. Over 20 years of transferable experience across customer-facing, team-leadership and regulated-environment roles, including hospitality supervision, stadium operations and retail. Committed to reliability, teamwork and health-and-safety compliance. Actively supported by Luton Council's Connect to Work programme and referred through Luton Borough Council's Directorate of Inclusive Growth.

KEY STRENGTHS FOR A CONSTRUCTION-SECTOR ROLE

- Reliable and punctual with a strong work ethic, track record of consistent attendance across stadium event days, school cover and retail shifts.
- Safety-first mindset: Level 2 HACCP, Health & Safety Certificate, Food Safety Certificate (BIIA 2017); previously held a Security Industry Authority (SIA) licence via G4S.
- Fully vetted: DBS-cleared throughout all Teaching Assistant, Cover Supervisor and football coaching roles, plus SIA security-industry training.
- Some background from sports coaching (UEFA C licence) and PE/sports delivery in schools, comfortable with outdoor, on-your-feet environments.
- Team player used to structured hierarchies, has supervised small teams in hospitality and regularly worked under shift leaders on stadium event days.
- Full clean UK driving licence (cars, light and medium vehicles, mopeds); can travel reliably to sites across Luton and the wider South-East.
- Clear communicator, cross-cultural, calm under pressure, able to follow briefings accurately and raise concerns appropriately.
- Eligible to work in the UK without restriction.

WHY CONSTRUCTION, AND WHY NOW

Luton's housing and infrastructure pipeline is one of the most visible growth stories in the town, from new residential development to the town-centre transformation around the new Power Court stadium. Construction offers a clear long-term career with genuine earning progression, and I want to be part of that locally. After 20 years of varied work, I am committed to a structured apprenticeship pathway that leads to a recognised trade qualification and sustainable full-time employment. I am a Universal Credit claimant and have been referred to this programme by Midhun Kumar (Project Officer for Apprenticeships, Luton Borough Council) and am supported by Zain Ahmed, my Connect to Work Employment Specialist.

For transparency: I have a diagnosed musculoskeletal condition (Posterior Tibial Tendon Dysfunction / flat foot). I can walk, lift light-to-moderate loads and work actively, and I benefit from regular short breaks. I have an NHS appointment with a surgeon in the coming months and am hopeful for improvement. I would welcome a conversation about trade pathways that would suit my profile and any reasonable adjustments that would support me on site. Happy to provide medical documentation and references on request.
